

# RITE NOW @ ROP

---

In life, there are ordinary people and there are EXTRAORDINARY people. The people who become extraordinary are willing to put in the extra work and go the extra mile. At Mansfield Juvenile Treatment Center, we have EXTRAORDINARY people!! We celebrated our first Graduation under the Leadership of Director Robert Kennedy on April 16. Through our partnership with Fort Smith Adult Education Center and our Principal Dr. Martha Wall-Whitfield, our graduates were afforded the opportunity to earn their GED's.

Students B.S., E.B. and B.W. were willing to put in the extra work to be EXTRAOROINARY people. In completing this awesome accomplishment we couldn't be more proud of what they have overcome. Congratulations to these students and the staff who have supported them in their journey.

"Fall forward. Every failed experiment is one step closer to success. You've got to take risks."
